

Arise
David Simpson
18/6/05

V1

Decay, your fractured, precious bondage
Obscured - obscured - consumed
Preying, praying for empty meaning
Ambition

C

Unite, in our principle of deviation
Arise, against enemies of revolution

V2

Love has never been enough
Love - love
Love has never been enough
Harnessed hope against hope
And wedded to a populist, unlikely compromise

Br

Arise, you scarred and threatened soldier
Arise - sequestered - subjected
Waiting, weighting only apathy
Resistance
